Note: In all, 80.0% of congregations reported the race-ethnicity of their members in 2011. We used other sources to estimate the racial-ethnic membership of non-reporting churches. This includes information from the Black Congregational Enhancement Office, the Native American Congregational Enhancement Office, the Asian Congregational Enhancement Office, and previous years' reports. We also worked with presbytery offices to resolve discrepancies for a number of churches that did report race-ethnicity data. As a result, the table reflects information for 99.7% of congregations.

<sup>1</sup> Installed pastors are pastors, co-pastors, associate pastors, and designated pastors.

<sup>2</sup> Other pastoral leadership includes commissioned ruling elders, pastors from other denominations, interim pastors, tentmakers, organizing pastors, retired clergy, and supply pastors.

<sup>3</sup> Congregations without pastoral leadership are those without installed pastors and without other pastoral leadership.

<sup>4</sup> Based on congregations that reported membership and worship attendance in 2011.

<sup>5</sup> Calculated as total contributions divided by average worship attendance for only those congregations reporting both.

<sup>6</sup> This number is less than the total number of congregations shown in Table 1 because there were 32 congregations with no members.

## Technical Information

### Sources of Data

Unless otherwise noted, membership data presented in this publication are those reported by congregations to the Office of the General Assembly and are from the Session Annual Statistical Report. Ministerial data are reported by stated clerks of presbyteries. Data on candidates for ministry are from the Office of Preparation for Ministry.

### Guidelines for Use

All statistics for synods and presbyteries in this edition of *Comparative Statistics* (as in earlier editions) are based on current boundaries. To the extent that boundaries have changed, statistics presented here cannot be compared with the statistics in previous editions of *Comparative Statistics*.

Tables are numbered from 1-15. Check table titles (not table numbers) in making comparisons with membership and ministerial data in previous annual editions.

Most percentages have been rounded. When the observed value is at dead center between two adjacent values it is rounded to the nearest even number. Thus, 7.5 is raised to 8, while 6.5 is lowered to 6. (Theoretically, even and odd numbers occur with equal frequency in the long run. Consequently, in rounding consistently to the nearest even number, half of the values will be raised and the other half lowered, thereby canceling out errors and leaving the sums free of rounding error.)

### Definitions: Membership

*Membership Gains and Losses* are those reported annually to the Office of the General Assembly by congregations (see *Book of Order* 2009–2011, Sections G-5.0200, G-10.0302 (a & b), D-12.0000).

*Total Gains* in membership is the number derived by adding gains through: Profession of Faith, Reaffirmation, and Restoration (the number of persons received during the year through professions of faith; reaffirmation; and restoration to the active members' roll after removal, deletion or temporary exclusion); Certificate (persons received into membership upon receipt of a certificate of transfer from another church); and Other (all other additions to the active roll, including adjustments)—all categories which appear in the *Minutes of the General Assembly, Part II: Statistics*.

*Total Losses* in membership is the number derived by adding membership losses through: Certificate (persons dismissed to other churches for whom certificates of

transfer have been issued); Death (members whose names have been deleted from the active roll because of death); and Other (all other persons whose names have been removed from the active membership roll through transfer from the active to the inactive roll, deletion from the active roll for any other reason, or temporary exclusion or removal from the active roll).

## **Changing Definitions**

On July 10, 2011, the part of the church's constitution dealing with governance was replaced with a new document that changed some common church terms. In particular, "ministers of the Word and Sacrament" are now known as "teaching elders," and "elders" are now known as "ruling elders."

## Acknowledgements

The considerable assistance and willing cooperation of Office of the General Assembly staff, particularly Kris Valerius, helped make this publication possible.

## Dedication

We dedicate this year's edition to the memory of **Deborah Bruce**, associate research manager of Research Services for 19 years, who died unexpectedly on July 11, 2012. We celebrate her life and many professional accomplishments. Deborah created our first web page in the mid-1990s, and many of her research reports are found on this site, but her contributions are part of everything we do. We miss her greatly, both as a colleague and friend.
