

## Book of Worship in Spanish PC (USA)

This book is composed of various basic models for Christian and Reformed Worship: Sunday morning worship, liturgy for funerals, weddings, baptism and communion ceremonies, installation of new members and a simple liturgy for hospital visitation ceremonies. It also includes traditional Hispanic celebrations such as a ceremony for a quinceañera and a service for the dedication of a home.

## New resources in Spanish

### Handbook for Hispanic/Latino New Church Development

This book is a bilingual manual for Hispanic/Latino New Church Development. It was created with the vision that it would serve to educate church leaders and enable the effective development of new Hispanic/Latino congregations. Presbyteries, New Church Development committees and other people interested in the planting and development of new Hispanic churches will find in this document invaluable information that will greatly benefit the healthy development of churches.
